

Reduction efforts

Clamping area reduction for cable glands | For M12 - M63

Article:	Reducers
Brand:	Bimed
Material:	Chloroprene or NBR
Color:	Black

Description

Optimize your cable installation with our high-quality reduction inserts. These reducers are specifically designed to improve the performance and safety of your industrial applications.

- Effectively reduces the clamping areas of cable glands
- Made of durable rubber material for long-lasting use
- Provides reliable strain relief and sealing
- Ideal for standardized industrial applications
