

Protective hose Stainless steel | INOX

Hose for applications with high corrosion risk | Mechanical Engineering / Automation / Energy / Construction / Railway / Marine | AISI304L | 2500N | 6J

Article:	Protective hose INOX
Brand:	Interflex
Material:	AISI304L
Compressive strength:	2500N
Impact resistance:	6J
Temperature:	-45°C to + 400°C
Color:	Silver
Other:	Free from halogen, phosphorus and cadmium. Non-flame propagator

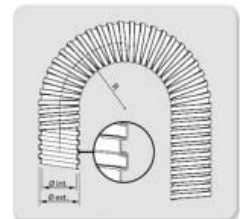

Description

Conduit Stainless / INOX with strong mechanical protection. Specially specified for applications in a highly corrosive environment.

Well suited for applications with high corrosion risk:

- Machine building
- Automation & Robotics
- Renewable Energy Installations
- Construction
- Railway industry
- Maritime
