

Strain relief plate | ZL

Mounting via screw

Article:	ZL
Brand:	icotek
Material:	Polyamide
Bushing material:	Brass
Flammability:	UL94-V0, self-extinguishing
Temperature:	-40 - 140°C
Mounting method:	Screw mounting
Color:	Black (RAL 9005)
Characteristics:	Halogen-free, silicone-free

Description

Strain relief plate / ZL is used for static or dynamic applications to organize and secure cables on machines, control panels or pull chains. The design of the strain relief unit provides safe strain relief according to EN 62444. Mounting of cables or pneumatic hoses is made easy with Cable ties.

By using aluminum (ZL-AB types) or brass (ZL-MS types) for the screw holes, a better fit of the strain relief plate is achieved, even in environments with high vibration. Strain relief plates ZL 03 | 04 | 05 have different cam widths. Thus, a multifunctional product is provided for different cable sizes.

- Use DH spacers for multi-layer installation.
