Description

E COR control cabinet – Wall Box with mounting plate

E COR is a wall-mounted enclosure from ETA's E COR series, designed to protect electrical and electronic equipment in demanding industrial environments. The enclosure is made of 1.2 mm galvanized steel sheet, which provides reliable corrosion protection and excellent mechanical strength.

The surface is treated with electrophoresis primer and powder coating in RAL 7035 (light grey) for additional protection and a professional appearance. The door is fitted with a polyurethane seal (foam-molded) and together with the fully welded construction provides tight protection according to IP66 / NEMA 4 and impact resistance IK10, making the enclosure suitable for both dusty and humid environments.

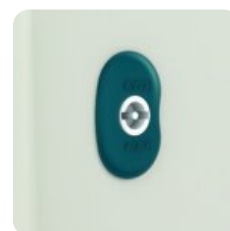

E COR is ideal for smaller installations where reliability and ease of assembly are the focus. The enclosure is supplied complete with door, backplate, and screw set for ground connection.

Included in delivery

- Enclosure – Fully welded frame in 1.2 mm Sendzimir galvanized steel sheet, painted in RAL 7035.
