

Lighting LED | ALU-LINE

Innovative LED lighting | 120 - 240V | 900 lm & 1350 lm | IP20

Article:	ALU-LINE
Brand:	icotek
Luminous flux:	900lm 1350lm
IP rating:	IP20, Protection class I (Protective conductor connection)
Temperature:	-20°C to 50°C
Material Luminaire cover:	Polycarbonate
Housing Material:	Aluminum, extruded
Mounting options:	Mounting with screw
Voltage:	100 - 240V

Description

Lighting LED / ALU-LINE provides efficient lighting in enclosures for industrial and IT applications. Their aluminum casing makes them extra high-quality and stable. Lighting LED / ALU-LINE offers an integrated socket as a practical extra advantage. This is available in EU, CH, BE or GB versions. The High Power LED shines with 1350 lumens and provides a balanced, homogeneous light. Another advantage is that the passage of several luminaires is possible.

Advantages:

- Integrated socket available in different versions: EU, CH, BE, GB
- High-quality and stable aluminum housing
- Different mounting types: screw mounting and mounting on top rail 35 mm
- Efficient LED lighting with 1350 lm
- Available with motion sensor
- Door operated switch is available as an option
- Connection of several luminaires possible
- A door-operated switch is available as an option
