

Filter fan | LV

Free blow 15 m³/h - 930 m³/h

Article:	LV
Brand:	Rubsamen & Herr
Protection class:	IP54 & IP55
Voltage:	12V DC & 24V DC / 115V & 230V
Free blow:	15m ³ /h - 930m ³ /h
Color:	RAL 7035

Description

Discover the most comprehensive series of filter fans on the market with Filter fan / LV from C-Pro. This series offers no less than 15 different performance classes, making it possible to adapt the fan to your specific needs. With an impressive output from 15 to 930 m³/h (free blowing), you can be sure of excellent results regardless of the application.

One of the great advantages of Filter fans / LV is their flexibility in terms of operating voltage. With available voltages from 12V DC to 400V AC, you can adapt the fan to your unique operating conditions. To further improve the protection of you can choose to upgrade with Z-Line filters of filter class F5, which gives you IP55. This not only guarantees optimal airflow, but also effective protection against dust and dirt.

- With our filter fans, you get a reliable and high-performance solution for air conditioning in Cabinets & Enclosures with the option of tailoring to your specific needs and requirements.
