

Accessories Appliance Cabinets | E NUX Nordic

Accessories for enclosure ETA E NUX series

Article:	Accessories Cabinet E NUX Nordic
Brand:	E.t.a
Pass	Cabinet E NUX Nordic

Description

Accessories Appliance Cabinets | E NUX Nordic are developed to complement and optimize enclosure solutions in automation, industry, and electrical installations. The product range includes components for mounting, internal installation, cable management, and mechanical adaptation of control cabinets.

The products are adapted for the ENUX Nordic series, ensuring high compatibility, simple installation, and professional integration in both new and existing facilities. The accessories are used to create flexible and reliable solutions with high technical dependability.

The NUX accessories are suitable for OEM companies, system integrators, and industrial companies that need robust and scalable enclosure solutions for control systems and automation.

Benefits of accessories for ETA E NUX Nordic

- Customized for ETA E NUX Nordic appliance cabinets
- Easy and secure installation
- High compatibility and fit
- Suitable for industrial environments
- Flexible solutions for automation and power distribution
