|------------------|-----------------------------|
| Article: | KT-BL multi |
| Brand: | icotek |
| IP Rating: | IP54 |
| Material: | Elastomer |
| Flammability: | UL94-V0, self-extinguishing |
| Temperature: | 40°C to 100°C |
| Characteristics: | Silicone-free, Halogen-free |
| For: | Cable entry frame KEL-ER-BL |

Description

The KT-BL series of cable inserts is particularly suitable for use with:

Cable gland frame

The blue signal color provides clear visual identification.

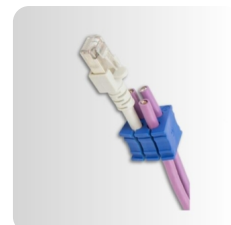

KT-BL multi enables sealing of cables up to IP54.

By using double or quadruple inserts, cable density in cable glands and cable entry frames can be significantly increased. The KT-BL multi series is designed for cable diameters from 1 to 8 mm.

When assembling small inserts in multiple rows, the flat sides should face each other. This ensures that the flat surfaces seal tightly, providing a secure seal.

Advantages

- Pulling cables with and without connectors through the cable entry frame KEL-ER-BL
- High strain relief according to EN 62444
- Available for a wide range of cable diameters
- Blue signal color for clear visual identification within the food industry
- Significantly increased cable density when using twin- or quadruple-hole inserts
