

Cable gland 90° | KVT-W90

Split screw connection | for cables with connector | M32 | M50 | IP54

Article:	KVT-W90
Brand:	icotek
Protection class:	IP54
UL Type:	UL Type 12
Flammability:	UL94-V0, self-extinguishing
Temperature:	30°C to 100°C
Material:	Polycarbonate
Mounting options:	Fasten with locknut
Characteristics:	Halogen-free, Silicone-free

Description

Cable gland 90° / KVT-W90 used to insert and seal sealed cables and wires at a 90° angle.

In particular, the KVT 50-W90 is perfectly suited to hold corrugated or smooth hoses. A large number of cable entry grommets is available to the user. By using multi-hole grommets up to 16 lines can be routed with one cable gland. Polyamide standard locknuts as well as a sealing ring are included in the shipment. Split locknuts can be ordered separately.

Advantages:

- Cable entry with or without contact
- Warranties on pre-connected cables are maintained
- Remodeling, repairs and maintenance can be done much easier and faster
- High cable density, wide variety of grommets
- Suitable for metric hole punching
- Lock nut included
- Increased packing density when using double or quadruple bushings
