

## E COR Nordic | EC060630FL21\_2

B600 H600 D300 | Cutouts for 2 FL21 in the roof | Incl. Mounting plate | IP66

Article:	EC060630FL21_2
Brand:	E.t.a
Measure:	W600 H600 D300 mm
Protection class:	IP66 / NEMA 4
Material:	Frame: 1.2 mm / Door: 2.0 mm / Mounting plate: 2.0 mm
Surface finish:	Epoxy powder coating (textured finish)
Color:	RAL7035
Impact resistance:	IK10
Seal:	Foam-molded polyurethane seal
Approvals:	CE, RoHS, TUV, RINA, EAC

### Description

E COR Nordic / EC060630FL21\_2 – Wall Box with mounting plate and FL21 cut-outs

E COR Nordic is a wall-mounted cabinet from ETA's E COR series, designed to protect electrical and electronic equipment in demanding industrial environments. The enclosure is made of 1.2 mm Sendzimir-galvanized steel sheet, which provides reliable corrosion protection and excellent mechanical strength.

The surface is treated with electrophoresis primer and powder coating in RAL 7035 (light grey) for additional protection and a professional appearance. The door is fitted with a polyurethane seal (foam-molded) and together with the fully welded construction provides tight protection according to IP66 / NEMA 4 and impact resistance IK10, making the enclosure suitable for both dusty and humid environments.

E COR Nordic is ideal for the Nordic market as the enclosure has cut-outs in the roof for FL21. The enclosure is delivered complete with door, mounting plate, and screw set for ground connection.

#### Included in delivery

- Enclosure – Fully welded frame in 1.2 mm Sendzimir galvanized steel sheet, painted in RAL 7035.
- Reversible door – Fitted with foam-molded seal and fitted with 3.0 mm double-bit locking system.
- Mounting plate – In galvanized steel 2 mm.
- Screw set – For grounding and internal mounting.

#### Can be equipped with

- Wall brackets
- FL21
- Door stop
- Various locking systems: padlock, key, ASSA system, etc.
- Door profiles (horizontal)
- Rain Roof
