

Peltier cooler | PK

With cooling/heating function | 30W - 280W | IP65

Article:	PK
Brand:	Rubsamen & Herr
Protection class:	PK30 IP43 (outside) PK50-300 IP65 (outside)
Voltage:	24V DC
Working temp:	-10° C ..+60°C
Other:	PK50 and PK100 are available in 12V

Description

Efficient Peltier cooler for smaller cabinets and control panels. A more environmentally friendly alternative for cooling without liquid fluids. If you need cooling/heating but not the space, use a Peltier.

- Air conditioning for small cabinets, panels and control tables
- Environmentally friendly with thermoelectric cooling elements, without liquid refrigerant
- Separate inner and outer air cycles
- Small dimensions, function in all positions
- Heating and cooling function with one unit is possible and can be ordered as an option
