

Cable ties | CLT

Openable and reusable

Article:	CLT
Brand:	SapiSelco
Color:	Red RAL3000
Material:	Polyethylene – low density

Description

Cable ties / CLT are cheap, openable and reusable. The cable ties are suitable for light loads of up to 5 kg / daN.

The double locking makes it possible to secure two cable packages. The body is completely rounded to eliminate all sharp edges and constitutes a guaranteed safe application around the cables.
