

Double Thermostat Cooling & Heating | TES60

For Peltier coolers & cabinet heaters | 24V | 0°C - 60°C

Article:	TES60
Brand:	Rubsamen & Herr
Contact:	Change Over
Temperature range:	0° C - 60° C
Switching differences:	2 - 3K
Sensor:	Intern NTC
Coupling capacity:	DC: 24V, max. 16A

Description

Dual thermostat Cooling & Heating / TES60 is a temperature regulator for thermoelectric coolers (Peltier) or cabinet heaters 24V.

- Temperature controller for thermoelectric coolers (Peltier) or heating element 24V
- Slight hysteresis (lagging behind)
- Adjustable temperature 0 - 60 ° C
- Change Over contact
- Mounting on DIN rail
- 16 A switching capacity at 24 V DC
