

Cable channel IBOCO | TA-E / TA-W

Installation channel | RAL7030 | RAL9001

Article:	TA-E / TA-W
Brand:	IBOCO
Material:	Rigid PVC, Self-extinguishing
Temperature:	5°C to 65°C
Length:	2000mm
Color:	RAL7030 RAL9001
Approvals:	CE

Description

Cable duct / TA-E | TA-W – Installation duct for elevator and machine installations with high requirements.,

IBOCO TA-E | TA-W is a tight cable duct with pre-drilled mounting holes in the bottom, making installation quick and safe. It is available in both gray and white, so you can easily adapt to your environment, needs or standards.

Advantages of IBOCO TA-E/W solid cable duct:

- Tight construction – Protects cables from dust, dirt and external influences – ideal for industrial environments.
- Assembly-friendly design – Pre-drilled holes in the bottom save time during installation and provide a stable attachment.
- Color choices for different applications – Choose between gray and white to match existing enclosures or installation standards.
- Suitable for elevator and machine installations – Excellent for applications where cabling needs to be protected, structured and durable.

We also offer cutting and adapting cable ducts to your exact measurements and needs – contact us for a tailor-made solution!
